CRAVEN SAID Craven Brouhaha Escalates!

Though dormant for over a month, the Craven brouhaha has rapidly escalated to the point where it has become a major campus and community issue. A letter supporting Sen Craven ("drafted by members of the Founding Faculty who are concerned about the effect of recent events on the support of the local community, Long Beach, and the legislature") is circulating among staff on campus (we at Plan 9 conscientiously declined to sign this letter), and on March 31st, the Academic Senate held an emergency meeting to discuss the the Craven issue (read: beat it to death for nearly three hours).

But we at Plan 9 have become disenchanted with the way the whole thing is being dealt with. The whole issue has devolved into one of allegations. Craven is alleged to have bashed undocumented migrants, the Academic Senate is alleged to have "crucified" Craven, Stacy alleged that Craven is alleged to have denied any alleged racist or classist statements. ZZZZZZZZZZ ZZZZZZZZ.....

Craven Hall Dedication April 19th

Craven Hall is scheduled to be dedicated at 9:30 on Monday, April 19th. We assume that the dedication will take place beneath the big "William A. Craven Hall" sign at the front of the building, but of course, nobody tells us anything...

He further said that undocumented immigrant children should not have the same right to an education as American citizens.

"It seems strange that we go out take care of the rights individuals who lower scale of your humanity one reason or another

And we really spend honestly, a lot of money is to dismount the tab."

The Academic Senate unanimously passed the following motion:
The Academic Senate makes known to President Stacy that the Senate is opposed to the dedication of Craven Hall until these concerns (e.g. McCarthyism and ethnicity and class) are addressed to the satisfaction of the Academic Senate; that a letter be written to Senator Craven requesting clarification of his remarks and inviting his presence on campus for an exchange of views.
